

Samuel Lederer

Data Linguist

slederer@pm.me

781-742-3477

Seattle, WA

Languages

English (native), Mandarin Chinese (full professional proficiency)

Experience

Linguistic Data Annotator (Freelance)

Jul 2023 - Present

Various (Innodata, Dataforce, DataAnnotation)

- Utilize linguistic expertise in syntax, semantics, phonology, and sociolinguistics in conjunction with NLP to assess training pipelines for quality
- Check work of non-linguist annotators, ensuring accurate and descriptive linguistic principles are used.

Linguistics Department Library Supervisor

Aug 2021 - May 2023

University of Massachusetts

- Independently cataloged and organized collection of over 5,000 books, transforming a decades- unused collection into a searchable, and loanable library using spreadsheets, and personally written Python based library programs.
- Following departmental strategic vision, executed a self directed plan with little supervision over the course of two years due to strong problem solving and project management skills.
- Organized large sets of academic data to aid in research of several professors, tagging with metadata to ensure it would still be searchable once I left

Research Assistant

Oct 2020 - May 2023

University of Massachusetts | GAP (Grammar and Processing) Lab, CSAAL (Center for the Study of African American English) Lab

- Aided in survey-based experiment design, collection of research data, data annotation and analysis, and theoretical work in psycholinguistics
- Designed and conducted psycholinguistic experiments, gathering participants and handling requirements to organize research efforts and obtain proper research authorization.
- Analyzed data using R
- Annotated data for addition into CORAAL (Corpus of Regional African American Language) and aided in syntax, semantic, and phonemic analysis as well as POS tagging, taking care to maintain best practices that the data was maximally beneficial to later researchers.

ESL Instructor (Freelance / YMCA Boston)

Nov 2023 - Present

Various (Freelance)

- Maintain engaging and interactive classes to ensure students effectively grasp course materials
- Tailor teaching to students from diverse cultural backgrounds and different language levels
- Assess student progress and provide individualized support to foster development and remedy persistent language struggles

Chinese Immersion (Shanghai)

June - December 2019

Shanghai University of Finance and Economics

- Spent six months entirely immersed in Mandarin Chinese in Shanghai
- Lived in a Chinese family, tutoring the seven-year old son as my host-brother
- Raised Chinese to HSK6 level and beyond, gaining full professional proficiency
- Built an intercultural skill cross-applicable to nearly all fields

Core Skills

SQL, Python (expert; numpy, pandas, SciPy), R, Microsoft Suite, deductive and analytical reasoning, communication and emotional intelligence, American-Chinese cultural exchange, Mandarin proficiency

Education

University of Massachusetts, Amherst

May 2023

B.A. Linguistics; Minors in Chinese and Biology
